EXPERIENCE

PEEPOYE NETWORK, *Remote*
Full Stack Web Developer June 2023 – Present
- Created an opinion trading platform with a custom CMS featuring user authentication and live vote counts using Ruby on Rails and React.
- Migrated the official website from WordPress to Next.js, resulting in an 80% faster page load time.
- Reduced the bounce rate by 50% by enhancing the website's user experience.
- Increased the website's daily traffic to 10k users through SEO optimization.

MICROVERSE, *Remote*
Mentor (Volunteer), November 2022 – June 2023
- Mentored 4 junior developers, providing technical support through code reviews.
- Leveraged professional experience, enabling developers to overcome obstacles and achieve milestones.

HUAWEI TECHNOLOGIES, *Gurgaon, India*
Design Engineer, February 2021 – October 2022
- Achieved 2 Star Bean Awards for consistent 96% customer satisfaction over two consecutive quarters.
- Led a 21-member team for a project and successfully completed it, receiving a client appreciation letter.

EDUCATION

MICROVERSE, October 2022 – June 2023
Remote Full Stack Web Development Program, Full-Time
- Dedicated over 1300+ hours to mastering algorithms, data structures, and full-stack development from the outset. Concurrently engaged in project development utilizing Ruby, Rails, JavaScript, React, and Redux.
- Acquired expertise in remote pair programming using GitHub, industry-standard git-flow, and daily standups for effective communication and collaboration with remote developers across international locations.

CHANDIGARH UNIVERSITY, July 2021 – August 2024
Bachelor in Computer Application, Part Time
- Learned the fundamentals of computer science, including programming languages like C, Java, and Python.
- Studied computer science concepts such as data structures, algorithms, software engineering, and computer architecture, which enhanced understanding of the inner workings of computer systems.
